General comments (positive and negative feedback, hints, etc.)

- Very useful for planning lessons
- High potential to extend the content of the learning scenarios
- Well suited to enhance learning processes, self- learning phases and group work
- Positive feedback from teacher students about the form of the learning scenario
 - Easy to adapt for other documents, contents and tasks
 - Time specifications are great to structure the lessons and targets/ subtargets
 - The links to the OER are very useful and give hints for more content providing pages
 - Etc.
